A message from Pastor Corbett:

Christian Education has always been a part of the vision of Community Christian Church. Community Christian Child Development Center was established with the purpose

of assisting parents in the growth and development of their children in a Christian environment.

Christian values and a quality education are necessary ingredients for the growth and development of every child. Because the first five years of a child's life are the most formative, it is vital that we create a positive atmosphere in which each child has the opportunity to develop mentally, socially, physically and spiritually.

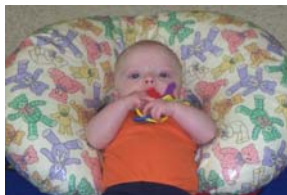

A solid foundation allows your child to have a great start. Community Christian Child Development Center will assist you with laying a great foundation for your child's educational career!
